"How did the skinny grey man steal it from you, and what does he want with it?" "If we went fast, we could make it without." Colman answered..There were whirligigs in the second patch, but they lacked the variety and disorder of the originals. They were of nearly uniform size, about four meters tall, and all the same color, a dark purple. They had pumped water for two weeks, then stopped. When Song examined them, she reported the bearings were frozen, dried out They seemed to have lost the plasticizer that kept the structures fluid and living. The water in the pipes was frozen. Though she would not commit herself in the matter, she felt they were dead. In their place was a second network of pipes which wound around the derricks and spread transparent sheets of film to the sunlight, heating the water which circulated through them. The water was being pumped, but not by the now-familiar system of windmills. Spaced along each of the pipes were expansion-contraction pumps with valves very like those in a human heart."YEAH!" from thousands of throats simultaneously..Not to worry, he advised himself. The worst is over. You've got your license. How you got it doesn't."You people want to take a walk around the dome with me?
